FIRE DESTROYS WINGARD STUDIO

CHASES OUT OCCUPANTS OF
AVALANCHE BUILDING.

Offices of Avalanche and the O. Pal-
mer Insurance Offices Suffer
Loss from Water.

A fire that broke out in the dark
room of the Wingard Photo studio
Tuesday threatened to wipe out the
whole building and possibly other
buildings. In line with the wind was
the grocery store of R. D. Connine
and on the opposite side was the law
offices of Geo. L. Alexander. The fire
broke out at 11:10 a. m. and at that
time there was a strong wind blow-
ing but luck was with the firemen
when the wind died down considera-

bly.

The fire started from an oil stove
that was burning in the dark room
of the photo studio and is believed
to have exploded. When first dis-
covered smoke was pouring out the
side of the building. The fire de-
partment did remarkably able service
and in less than an hour had the fire
out and was ready to leave the build-
ing. Mr. Wingard saved almost
nothing of his photographic outfit.
The family was living in the rear
and, while the fire did not get into
that part much damage was done by
smoke and water.

The office equipment of Dr. Palmer
and also the paper stock and furni-
ture and some printing material of
the Avalanche were carried out into
the street. The room in which the
presses and Linotype were was not
much damaged as only a little water
got into this part; however the com-
posing room and business office and
stock rooms were drenched with
water doing considerable damage to
the paper stock, type cases, wood
type and furniture and printing

plates generally. Naturally there
was some mixing up of type cases
and spilling of set forms. Some
work that was in process of printing
was badly damaged.

Workmen swept the water out of
the rooms on the second floor and af-
ter a few hours the water ceased to
run down into the lower offices and
hot fires dried the floors sufficiently
so that things could be moved back
into the building. While things are
still in considerable disorder in the
Avalanche office, the "Snow Slide"
will appear this week as usual and
it is hoped that things will soon be
in the usual good order and every-
thing working as usual.

The assistance rendered in helping
to save as much of the material of
this office as possible and the many
other offers of assistance are deeply
appreciated, and we know this sen-
timent is shared by the other occu-
pants of the building. Offers of
help from our neighboring publishers
at Gaylord and Roscommon were
generously extended, offering to turn
their plants over to our use. For-
tunately we were not so badly injured
but that they are still in the ring and
will soon be doing business the same
as usual.

All losses were covered by insur-
ance, except that of Mr. Wingard,
who carried only \$500 of insurance.

STATE PRIZE ESSAY CONTEST FOR STUDENTS 1921-1922.

The subject of the students' prize
essay contest in Michigan history for
1921-22 will be, "Origin of the Place
Names of Our County."

By this subject is meant the origin
of the names of the cities, townships,
villages, school districts, settlements,
water courses, roads, hills, woods,
and any other prominent objects of
natural and institutional interest.
Many names will afford items of
biographical and historical interest.
Stories and incidents connected with
the occasions when names were given
are often interesting, and should be
included. Changes of names should
be noted.

Students should be encouraged to
interview the pioneers, and to consult
all available sources of information.

The 39 volumes of the Michigan
Pioneer and Historical Collections
are a mine of material for this sub-
ject. A set will be placed free of
charge, freight prepaid, in any school
or public library, by the Michigan His-
torical Commission, Lansing.

The contest is open to all students
of all schools in Michigan. In former
contests the students in small schools
have been successful.

The contest will be conducted joint-
ly in each community by the Supt.
of Schools, the Regent of the D. A. R.
chapter and the President of the
Women's Club, or by any one of them,
who shall also judge the essays.

First and second prizes will be given
in two groups, to students under
15 years of age, and over 15. The
local committee will determine the
local prizes to be awarded.

The judges should forward the
prize essays to the Michigan His-
torical Commission on or before April
30, 1922, when they will be examined
by the state committee, whose names
are signed below. The essays select-
ed by the state committee will be pub-
lished by the Michigan Historical
Commission.

The length of the essays should be
about 2000 words.

All essays must be typewritten.
Pictures illustrating the essays
should be included, if possible.

Cordially Yours,

Mrs. William R. Alvord, President
Mich. Federation of Women's Clubs.
Miss Alice Louise McDuffee, State
Regent, Daughters of the American
Revolution.

Thomas E. Johnson, Superintendent
of Public Instruction.
George N. Fuller, Secretary, Mich.
Historical Commission, Chairman.

CIRCUIT COURT TO CONVENE NEXT TUESDAY.

Will be Short Session. Only Five
Cases on Docket.

The April term of Circuit court
will convene at the court house in
Grayling next Tuesday, Apr. 12.
This will most probably be one of the
shortest terms held in Grayling for
some time as only five cases appear
on the calendar.

They are as follows:
American Express Company vs.
Henry Joseph, garnishment.
Emil Niederer vs. Leona Niederer,
divorce.

In the matter of the petition of
Oramel B. Fuller, auditor-general of
the State of Michigan for and in be-
half of said state for the sale of cer-
tain lands for taxes assessed thereon,
for the year 1918 and previous years,
tax sale.

Rasmus Hanson vs. Albert J. Char-
ron and Baptiste Davis, foreclosure.
Charles Brown vs. Otto W. Roeder,
garnishment.

No jury will be drawn for this
term of court.

MICHELSON MEMORIAL CHURCH

The special week which was planned
for April 10-17 must be postponed
for Dr. Day cannot come. However
we are trying to make up for it by
bringing in some especially noted
speakers. The first one will be Dr.
Musser who speaks next Sunday at
all services. Everyone likes Musser.
He is one of the finest of the wheat
a wide traveler, a man of great tal-
ent, a fine speaker and with all one
of those men who has great good na-
ture. Everyone who hears him will
be more than pleased.

On May the 28th, Dr. M. S. Rice
who so pleased the people last win-
ter, will lecture again in this church.
Set the date aside for special at-
traction.

June 2nd and 3rd, one of the finest
conventions that ever came to
Grayling will meet in this church. A
national speaker, a pagant, big
meetings and a lot of out of town
people.

ALL BUT ONE IS REPUBLICAN

HANSON DEFEATS KRAUS FOR
TOWNSHIP CLERK.

61 Absent Voters' Ballots Challenged
Legality of Some Questioned.

It was a beautiful sun-shiny day
on election Monday, just such a one
as should gladden the heart of any
Republican candidate. A large vote
was anticipated but the numbers far
exceeded the expectations of the
most liberal prognosticators. There
were 640 votes cast. There were 160
straight Republican ballots and 121
straight Democratic ballots in the
township election; and 372 straight
Republican, 147 straight Democrat,
22 Farmer-Labor and four pro-
hibition ballots cast in the election
of state officers.

The polls opened half hour earlier
than usual and those coming later
than 6:30 a. m. intending to be pres-
ent and aid in the election of the
election board were disappointed.
The law requires that the polls be
opened at 7:00 a. m. or as soon there-
after as possible, and it is not plain
just why they were opened half hour
before seven, except, as claimed by
some of the election officials, that
they expected a large vote out and
wanted as much time as possible.

It would seem that in such an event
the public should have been duly in-
formed so that all might have been
accorded the same information that
must have been imparted to a few.
There seemed to be no objection to
those who were elected to serve on
the board, but such practice natu-
rally suggests that something was being
"put over" on the public, while it is
probable in this case that such a
thing might not have been intended.

The next thing of interest that
arose was the turning in of 67 ab-
sent voters ballots. Peter E. John-
son, acting in the capacity of chal-
lenger for the Democratic party, chal-
lenged the 67 votes and demanded
that the applications for them be
produced. This was not done and
considerable discussion arose. Next
Mr. Johnson demanded of the chair-
man, Emil Kraus, that the challenged
ballots be marked "according to law."
This also was not done, and seemed
to cause considerable ill feeling.

The voting was pretty steady all
day. The main contests seemed to
be between Louis J. Kraus, Repub-
lican, the present incumbent, and
Alfred Hanson Democrat for the of-
fice of township clerk, the latter win-
ning out with a good majority.

The ballot for state officers seemed
to draw out but little interest. There
is no doubt but that the amendment
granting \$15.00 a month for ex-ser-
vice men in the World war, for each
month of service was the main rea-
son for the large vote cast. This
was carried with a majority of over
four to one. The vote was 474 for
yes and 115 no.

The vote in Grayling township was
as follows:

Supervisor—

M. A. Bates, r. 368—107.
Joseph C. Burton, d. 259

Clerk—

Louis J. Kraus, r. 234.
Alfred Hanson, d. 399—165.

Treasurer—

Efner Matson, r. 413—209.
George W. McCullough, d. 204.

Commissioner—

Leonard Isenhauer, r. 379—137.
Peter F. Jorgenson, d. 242.

Justice of the Peace—

Frank Freeland, r. 392—164.
Thomas Caseidy, d. 228.

Member Board of Review—

Edward S. Houghton, r. 392—169.
Hans Petersen, d. 224.

Overseer of Highways—Dist. No. 1—

Daniel Hoesli, r. 421—220.
Rasmus Rasmusson, d. 201.

Overseer of Highways, Dist. No. 2—

Albert Hoffman, r. 388—166.
Hugo Schreiber, d. 222.

The 4 Republican constables elect-
ed were Albert Cramer, M. Brenner,
Philip G. Zalsman and Alvin La-
Chappelle. The Democrats had no
candidates for this office.

A GOOD APPOINTMENT.

The appointment of T. F. Marston,
secretary of the Northeastern Michi-
gan Development bureau, as one of
the members of the new state con-
servancy board will mean much for
Northeastern Michigan. Mr. Mar-
ston was one of the members of the
state park commission, which is one
of the public bodies which the con-
servancy board is to have, and in that
capacity he secured the location of
many state parks in the district and
had succeeded in arousing much local
interest for the parks in each place
where a park was established.

The new conservancy board will
have a much wider field of activity
than did the park commission, as it
takes over the duties of the public
domain commission, the state game,
fish and the warden's department,
the state geological survey and the
forestry department and it is charged
with the duty of reforesting out-over
state lands.

There is a wide field for these ac-
tivities in nearly every county which
is a member of the Development bu-
reau and they will offer to Mr. Mar-
ston a great opportunity for aiding
in the development of this section of
the state—an opportunity which he
will be certain to grasp.

RURAL SCHOOL NOTES.

The following schools were visited
by the Commissioner during last
week: Dist. No. 3, Frederic Town-
ship; Dist. No. 3, Maple Forest Town-
ship; Dist. No. 3, Grayling Township
and Dist. No. 4, South Branch Town-
ship. These are the first of the
spring visits.

County Spelling Contest.

April 15th, at 1:00 o'clock in the
Court House the Grayling school will
compete with Frederic and the Ru-
ral Schools for honors in a spelling
contest. An admission fee of ten
cents will be charged. A prize will
be given the winner.

"I Wonder."

I wonder if I have the right
To let my self forget to care
How children shiver in the night
Where all is dark and cold and bare.

My little ones are free from dread
And sheltered safely from the
storm;
Their eyes are bright, their cheeks
are red,
Their laughter glad, their clothing
warm.

But other little ones must weep,
And face new dread with each new
day,
Where Hunger's fangs bite very deep
And Wunt sits like a ghost in gray.

I have no need to share the blame
If pallor dims the orphan's cheek;
I have not made the cripple lame,
Nor taken from the poor and weak.

If children who are hungry, sigh,
If others who are cold complain,
No guilt lies on my conscience—I
Have never wronged them for my
gain.

But, knowing how they weep at night,

Where all is dark and cold and bare,
I wonder if I have the right
To let myself forget to care?
—S. E. Kiser.

DOUBLE CROSS FOR T. B.

There are germs that make you
snifle,
There are germs that make you
sneeze.
There are germs that bring you in-
fluenza,
And that spread all kinds of disease.
There are germs that steal away life's
roses
And that lie in wait for you and me.
But the germ whose special scalp
we're after
Is the germ that they call T. B.

TEACHERS' EXAMINATIONS FOR 1921—APRIL 28, 29, 30.

1. A part of the questions for all
grades of certificates in the teachers'
examinations for April and August,
1921, will be based on the State
Teachers' Reading Circle books for
1920-21, and a part on certain bulle-
tins issued by the Department of
Public Instruction.

2. The State Teachers' Reading
Circle Books for the year are Free-
land's Modern Elementary School
Practice, published by the Macmillan
Company; Englemans Moral Educa-
tion in School and Home, published
by Benj. H. Sanborn & Co. and
Smith's What Can Literature Do For
Me, published by Doubleday, Page &
Co.

3. The bulletins of the Department
of Public Instruction which will be
considered in the preparation of ques-
tions are Bulletin No. 4, The Teach-
ing of Reading, Bulletin No. 10,
Word Study and Spelling, and Bulle-
tin No. 30, Language Lessons.

4. The material on which the
eighth grade examination in Reading
in 1921 will be based will be announ-
ed later.

By a vote of the Board of Exam-
iners all teachers who intend teach-
ing in Crawford County next year
are requested to write in this Coun-
ty. Papers must be checked here.

M. E. Hoyt,
Commissioner of Schools.

DISEASES MUST BE REPORTED.

The rules of the State Health
department require that all cases of
communicable disease be reported
within 24 hours to the health officer
not only by physicians or attendants,
but in case where no physician is
called, by the householder, who may
have knowledge of a known or sus-
pected case. These rules and regula-
tions, based as they are upon the sta-
tutes, have the same authority and
force as the laws of the state. The
failure of physicians, attendants, or
householders to obey these rules and
regulations strikes a person first
as a shocking and staggering
condition of lawlessness. One's
first judgment is tempered perhaps
by the feeling that ignorance of the
law may be responsible for this whole-
sale dereliction, but, even so, one is
shocked by the lack of conscience.
Wherever communicable diseases ex-
ist, there is a distinct menace to the
lives and health of a large number of
people. It should not be necessary to
have laws carrying with them penali-
ties of large fines and imprisonment
to cause the people to report to the
duly constituted authorities the exis-
tence of the dangers. There is
no law that requires a citizen to turn
in a fire alarm and yet, it would be
a poor citizen, indeed, who would wit-
ness the conflagration and who would
go carelessly on his way satisfying
himself with the assurance that it
was not his personal property that
was in danger.

The Junior Prom

Friday night, April 8—School Gymnasium.

"Woman powders, man puffs. There will be
especially nice places to do both at the
Junior Prom, Friday, April 8th.

The decorations for the Prom are something
new. Not one crepe paper streamer ap-
pears in the ball room. Come and feast,
eyes, ears ad mouth.

Good music, good floor, a good looking girl,
something good to eat, what is better?
The Junior Prom is best.

Everyone is looking forward anxiously for the
Junior Prom Friday evening. The party
promises to satisfy expectations and
go beyond them. The patrons and pa-
tronesses for the party are: Mr. and Mrs.
F. Welsh, Dr. and Mrs. C. Keyport, Mr.
and Mrs. M. A. Bates, Mr. and Mrs. A.
M. Lewis and Mr. and Mrs. B. E. Smith.

Don't miss the big social event of the school
year, the Annual Junior Prom.

It is because Essex with

TRADE MARK

Farm Tractor

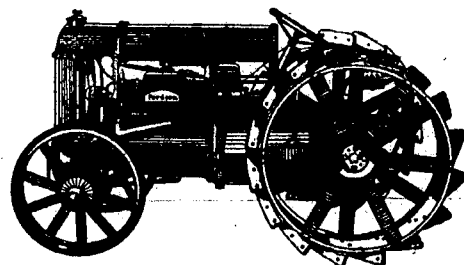

Winter or bad weather does not hinder the Fordson's usefulness. There is always some job—draw-bar or belt—that the Fordson will do more quickly, more efficiently and with a small consumption of fuel. Besides it solves the labor problem.

Day or night—twenty-four hours a day if you choose—you can utilize the Fordson. Like the machines in the factories, the Fordson furnishes power that is always ready for use—a power that means a saving in labor and time. And for that reason, the Fordson is a money-maker.

Back of the Fordson is the Fordson service organization. Fordson repairmen and stocks of extra parts—are always convenient and insure you continuous use of your tractor.

Don't delay ordering your Fordson. Only so many are allotted this territory and orders are filled in rotation. Let us have your order now; we will give it prompt attention.

Wonder

By GEORGE MATTHEW ADAMS

Wonder is able to make big men and women of us all, for when we most sincerely feel that we are small and unimportant, that moment we are in reality biggest and greatest. Look into the Heavens at night. Wonder at its magnificence. Take note of the worlds in Stars as they wink and blink among themselves millions of miles away. Wonder at them and how heedless they seem of you—so small, so tiny—so infinitesimal!

Wonder—but as you Wonder, THINK.
Look about you—no matter where you may be. There are always things to Wonder at. Every spot of Nature is a Wonder Garden. Every Seed and Tree and Rock and Breathing Life in Nature transformed through the Mind and Effort of Man, is but the further arranging of chances for Wonderment.

Wonder—but as you Wonder, THINK.
As you go to your Bed tonight, before closing your eyes in Sleep, Wonder at it all—Sleep, that for the time obliterates conscious Life and takes you away from activity and turmoil, but to return you again in safety recharged with Strength and Will. Wonder at the miracle of Sleep.

Wonder—but as you Wonder, THINK.
Let the power of Wonder that is so free to you correct your distorted viewpoints. Let it lift and brace you. Let it abolish the false Conceit within you. Let it convince you of your humanness and lead you through your work in this world, contented with your lot—an Uncomplainer.

Just Folks

By EDGAR A. GUEST

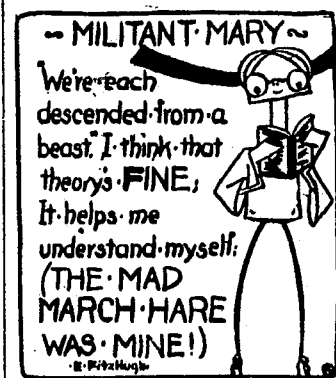

THE TRUTH ABOUT ENVY.

I like to see the flowers grow,
To see the pansies in a row,
I think a well-kept garden's fine,
And wish that such a one were mine.
But one can't have a stock of flowers
Unless he digs and digs for hours.

My ground is always bleak and bare,
The roses do not flourish there,
And where I once sowed poppy seeds
Is now a tangled mass of weeds.
I'm fond of flowers, but I admit,
For digging I don't care a bit.

I envy men whose yards are gay,
But never work as hard as they;
I also envy men who own
More wealth than I have ever known.
I'm like a lot of men who yearn
For joys that they refuse to earn.

You cannot have the joys of work
And take the comfort of a shirk,
I find the man I envy most
Is he, who's longest at his post.
I could have gold and roses, too,
If I would work, like those who do.

CHAMBERLAIN'S COUGH REMEDY. NOTHING SO GOOD FOR A COUGH OR COLD.

"Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbottstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.

A list of the delinquent tax lists for the year 1918 and previous years, for Crawford county appears in this issue of the Avalanche. This will continue in publication to April 7.

NEW MINT FOR CHINA

First Institution of Kind Expected to Stabilize Currency.

American Expert is in Charge of Making 500,000 Silver Dollars Every Day.

Shanghai.—The first step in an effort toward uniformity in Chinese currency will be undertaken by the building here of China's first national mint. The work will be directed by an American mint expert, Clifford Hewitt of Philadelphia, whose services have been loaned to China by the United States, and who came here a short time ago to begin his duties. Mr. Hewitt installed the new mint at Manila, the first established in the Philippines.

It is expected that the completion of the new Chinese mint will put an end to the conglomerate system of currency of all kinds and values which has long been a drag on the commercial progress of China.

While the Mexican dollar, introduced into China from the Philippines, has come to be a common unit of value, the various tuchuns, governors and other officials of provinces have issued coins that are dealt with commercially at values based on the quantity of their silver content. The Chinese tael in which government funds and customs ordinarily are reckoned, is not a coin at all, but a silver slug of a given weight and fineness, differing in weight and value in the different provinces.

The Shanghai mint is to cost about \$2,000,000 and will be one of the largest in the world, rivaling in size and output the mint at Philadelphia. It is to have a capacity of 500,000 silver dollars a day with a daily consumption of 14 tons of silver in addition to base metals used as alloys. Mr. Hewitt hopes to have the plant completed and in operation within two years.

He is the originator of many of the machines and processes in use in American mints, having been in the service of the United States government 24 years. He was builder of the American mints at Denver and Philadelphia.

MANY SWEDISH TRADES IDLE

Wages Cut and Plants Closed—Fear United States May Fall as Haven.

Stockholm.—Sweden, like the United States, is undergoing a period of economic readjustment involving closing down of factories and reduction of wages in an effort to cut cost of production. Swedish manufacturers declare they are compelled to do this in order to compete with German, American and English production.

New agreements between employers and workers are made in many lines at the beginning of the year. This time there was a collision of the workers' demands for higher wages with the employers' announcement that they would have to be cut. Employers now have no fear of strikes, but on the contrary say they would welcome them because of lack of orders and dull prospects which seem likely to result in further dismissals of thousands of workmen.

Proposals of America to exclude or reduce the number of immigrants is reported to have had an influence in producing a conciliatory frame of mind among the workmen. Heretofore the Swedish worker has had America to fall back on in case of labor troubles at home.

Gold Pieces in Heels of \$100-a-Pair Shoes

Two pairs of shoes designed to sell at retail for \$100 a pair, and said to be the most expensive ever manufactured in Massachusetts, have been placed on exhibition in a shoe factory in North Adams.

One pair has pure gold leaf lining, with gold hooks and eyes, and has a \$20 gold piece inserted in the heel of each shoe.
The other pair has a lining of bright red satin and a gold watch of the wrist type inserted in the left shoe just above the ankle.

WHIPPED BOY WASTES AWAY

Following Beating by Stepfather He Falls Off in Weight to 24 Pounds.

Grand Rapids, Mich.—Seven-year-old Merl Rader is dead as the result of beatings inflicted by his stepfather, Jacob Nemire.

From a robust boy, Merl had wasted until he weighed 24 pounds. In jail, after pleading guilty to a charge of assault and battery on the boy, Nemire wrote to the judge of the Probate court, saying that he had beaten the boy, and asking that he be likewise beaten and released that he might take care of the child.

A Wholesale Order.
Paris, Ky.—"I want to get some licenses," a young man said to Pearl Paton, clerk of the Bourbon county court.

"What kind?" asked Paton, "marriage, dog or auto?"
"All of them," said the visitor. "I'm going to be married tonight, have purchased a new car and a friend gave me a poodle for a wedding present."

FOUND A CURE FOR INDIGESTION.

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no poison but strengthen the stomach and enable it to digest the food naturally.

DO YOU KNOW that indigestion can be cured, permanently cured, so that you can eat any kind of food that you crave? It has been done not only once, but in almost every case when Chamberlain's Tablets are used. An instance: Mr. J. Pomerville, Stillwater, Minn., who had spent over \$2,000.00 for medicine and treatment was permanently cured by these tablets.

STATE TO BORROW \$30,000,000 FOR THE SOLDIERS.

A proposed amendment to the Constitution will be submitted to the voters at the election to be held on Monday, April 4th, 1921, as follows: An added section (20) to Article X, the effect of which, if adopted, will be to authorize the State of Michigan to borrow thirty million dollars for the purpose of compensating all persons who served in the late World War and who were residents of this State at the time of entering such service.

HEN VERACITY.

"Do you say that your hens 'sit' or 'set'?" asked the precise pedagogue of the busy housewife.

In the Circuit Court for the County of Crawford, In Chancery.

William B. Mershon,
Plaintiff,

vs.

The Gratwick, Smith and Fryer Lumber Company, a corporation, Mary A. Love, Myrtle Collins and Thomas E. Douglas,
Defendants.

On the 5th day of March, A. D. 1921.

Suit pending in the 34th Judicial Circuit in the Circuit Court for the County of Crawford, In Chancery.

In this cause it appearing by the bill of complaint filed herein that said cause is brought to quiet the title to that certain piece or parcel of land lying and being in the County of Crawford and State of Michigan and described as the Southwest quarter of the Southeast quarter of section nineteen in Township Twenty-eight, North of Range one West.

And it also appearing by the return of the sheriff of said County filed in this court and cause to the summons issued herein, and by the affidavit of Geo. L. Alexander, attorney for the plaintiff herein, that a summons to appear and answer has been duly issued in this cause but could not be served upon defendants herein. The Gratwick, Smith and Fryer Lumber Company, because there are no living officers of said Company, not upon said defendants Mary A. Love and Myrtle Collins because both said Mary A. Love and Myrtle Collins are not residents of the State of Michigan, but are residents of the State of Indiana.

On motion of Geo. L. Alexander, plaintiff's attorney. It is ordered that the appearance of said defendants, The Gratwick, Smith and Fryer Lumber Company, Mary A. Love and Myrtle Collins be entered within three months from the date of this order, and that in case of their appearance, or the appearance of either of them, they or the one appearing cause its or her answer to the bill of complaint to be filed and a copy thereof served upon the attorney for the plaintiff within fifteen days after service upon it or them or upon its or their attorney of a copy of the said bill, and that in default thereof that said bill be taken as confessed by the said defendants, The Gratwick, Smith and Fryer Lumber Company, Mary A. Love and Myrtle Collins.

And it is further ordered, that the said plaintiff cause a copy of this or any judgment rendered in this cause to be personally served upon said defendants, The Gratwick, Smith and Fryer Lumber Company, Mary A. Love and Myrtle Collins at least twenty days before the time above prescribed for their appearance.

CHILD TRAINING AT HOME.

The Value of An Education.
By Edward N. Clopper, Ph. D., Assistant Secretary, National Child Labor Committee.

Some time ago, the United States Bureau of Education at Washington, printed a statement which showed the amount of money that had been earned by different groups of young people up to the time they were twenty-five years of age. Those who had remained in school until they were eighteen had earned nearly 50% more than those who had left school at fourteen and had been working four years longer.

Such a statement of facts will convince intelligent parents that they should keep their children in school and not yield to the temptation of permitting them to go to work because the family's expenses are high and children are paid better wages than formerly.

Men and women are always grateful for the sacrifices which their parents made in order to give them education. They know that in the struggle to make a living, the educated man or woman has a great advantage over the ignorant and can reach higher places and receive better pay. Today the competition among those who work, whether they work with hand or brain, or both, was never so keen, and the ones who are best equipped are the winners. An education is one of the chief items in the necessary equipment.

Your state law tells you that you must send your child to school until he is of a certain age and then he may leave and go to work if you let him. And he may want to do so and beg you to let him take that job in the factory where his friend Joe works. But you are older and know better than he does what is for his best interest. You know that if you let him leave school as soon as the law allows, you are giving him no better chance in this world than all children get—for the law requires them all to go to school that long—and if you yield to his urging now you will have to bear his disappointment later when he finds out that it was a great mistake.

The education which the public school now gives is better adapted to the needs of children than the courses which were taught a generation ago. Today the child learns how to make himself useful and how to do this in an intelligent way.

Every child should begin his education in the kindergarten, for in it the seeds of good citizenship are sown. It is in the kindergarten that honesty, loyalty and consideration for the rights of others are instilled during the child's most impressionable years. Patriotic songs and stories of our great heroes implant deep love of country; marching and games develop self-control, team work and adaptability; hand work and modeling promote efficiency and appreciation for labor. Surely the foundations of the skilled artisan and the loyal citizen of the future can be laid in no better place than in a well-equipped kindergarten!

After starting in the right way, the longer the child stays in school, the more useful he will become and the better able to take upon himself responsibilities of life. The school of today aims to make intelligent, efficient citizens, but it will not succeed if the child is taken out and put to work at the earliest possible moment. The people pay for the kindergarten, elementary, grammar and high schools so that their children may have the benefit of them. You are one of the people and you help to support these schools. They are your schools, built and kept up for the sake of your children as well as for all other children. Use them,

then, keep your child in school. Let him begin in the kindergarten and graduate from the high school.

"BABE" LAURENT OPENS BASE BALL SEASON.

Last Sunday was the opening day for base ball at Lewiston and reports are still coming in that it was "sure day."

The Grayling team was made up from the Michigan Central yard forces with the assistance of a few of our professionals. They were

Laurent, McLeod, Wm. McNeven, Irving Hodges, Clarence Johnson, Roy Mines, Jess Smith, Ray Preston, Ben DeLaMater and Fred Welsh. The battery for the Rails was Laurent and McLeod; Babe was in fine form, but some of his team mates were a little stiff from not enough practice for they found that throwing the ball was a little different than switching and cutting off cars. However green as they were they beat the Lewiston team to the tune of nine to five, and Bill McNeven said it was the most fun he had had in many years.

Umpire Guy Pringle thought that he was in a big league game from the remarks and missiles that were hurled at him. This did not daunt him however and he stood his ground and stuck to his decisions which appeared fair to all except of course the Lewiston team.

The Michigan Central boys are to be commended for starting a base ball team, for it will be a good thing to have this sport revived. They have lined up more games and next Sunday they will go to Roscommon to show these boys how to play ball. A large crowd of rooters are expected to drive down to witness this game and they assure all that they will put up a good exhibition of the best sport in the world.

BREAD PUDDING

BREAD pudding is a conscientious effort on the part of a thoughtful but well-meaning housewife to economize at the expense of the human stomach.

For at least one hundred years in rapid succession woman has been making bread pudding and man has been eating it. It has been observed that women who manufacture bread pudding very seldom eat enough of it to founder anybody. Love and devotion can reach no greater heights than when a bright, new husband, unused to life's ways, partakes of this dish and retains enough courage to kiss his wife good-by at the door. Some of the greatest hypocrites the world has ever produced are conciliatory husbands who eat several slabs of bread pudding and then begin to praise its tout ensemble.

Bread pudding is usually served at the close of a full meal. Just when everybody is filled with a feeling of entire content. It is then led onto the table and planted in front of each

guest in a threatening manner, and it is worth a man's life to gaze over it at the vinegar cruel and begin to toy with the salt cellar. One of the most tense moments in married life is when a well-muscled bride of a week places a sector of bread pudding before the man she swore to cherish and protect, and watches him edge away from the table with a crestfallen look.

This culinary misdemeanor is made doubly of bread which has died of old age and general exhaustion. After a loaf of hiker's bread has been put in the cake bin by mistake and allowed to remain there until two strong men couldn't slice it with a cross-cut saw, it can always be saved by hammering it into the form of a pudding. After surrounding it with a dollar's worth of sugar and two pounds of butter it becomes able to stand alone and throw out its chest. True, the law does not compel married men to eat it, but it is cheaper to do so and avoid court costs.

In some homes bread pudding is served twice a week, on stated days, and it will be noticed that on those days the restaurants and cafeterias are crowded with apprehensive husbands. Once in a while some husband will break into open rebellion, but this does not last long, owing to man's forgiving nature. There is something about a bread-pudding diet, however, that stamps the victim more indelibly than being tattooed on the left wrist, causing him to glance about furtively at the close of every meal.

REST FOR BEAUTY

THE nervous woman is rarely pretty. She may be extremely beautiful when young, but the nervous tension under which she lives inevitably wears out her body. At twenty-five she looks near thirty, at thirty she seems forty, at forty she's thin, haggard, wrinkled, old.

So if you are the least bit neurotic take extra good care of yourself. Rest more than the ordinary woman does to overcome the nervous strain, eat plenty, for food soothes the nerves, eat often to keep the blood in the stomach. This does not mean that occasional nibbles of candy are to be

avoided.

Geneva.—After serving more than fifteen years of a life sentence for a murder of which he has always claimed to be innocent, a young man named Hirschbrunner is to be released, the real culprit having confessed.

On the day following a masked ball at Soler in May, 1906, the body of a young Swiss girl was found in the waiting room of the railroad station where she had been strangled to death. She had been seen the previous evening in the company of a young man dressed as a peasant woman. The description of her companion tallied with a costume worn by Hirschbrunner, and he was tried and sentenced to life imprisonment entirely on circumstantial evidence.

QUARTERLY MEETING.

The quarterly business meeting of the congregation of the Danish-Lutheran church, which was held last Sunday afternoon in the church was fairly well attended. So many matters of importance were transacted that it would have been well if more members had been present. There are always things coming up that should be known to all. The matter of our annual contribution to the church societies was taken up. From the various reports it was evidently necessary for our congregation to contribute \$250 to enable the Church societies to continue with its good work. It has always been customary for the annual contribution to be paid out of the church treasury, but we did not feel that we could pay this large amount at the present time, so we decided to ask the members to contribute what they could to make up the fund. We did not care to take up the canvassing idea, as we have usually done in an instance of this kind, so decided to place a list in the church where each one could sign his name and pledge the amount he wished to give, or members may leave their contribution with any one of the Board of Trustees if they so desire. To start it out the members present at the meeting signed their names to the amount of \$94.00, which was a fine beginning; and before the meeting closed the amount was brought over \$100. If everyone of the congregation will take the matter to heart we feel we will have no difficulty in raising the required amount.

It was also decided to give a supper in May—the first or second Thursday of that month. A committee was appointed to make the arrangements. The final date will be announced to the public later. A committee was appointed to look after the collection of a sum of money to be forwarded as a gift to Rev. Adam Dan of Chicago, as he celebrates his 50th anniversary as worker in the Danish-Lutheran churches of America. Rev. Dan when 23 years old while traveling in the Holy Land was called upon to come to America and start missionary work among the Danes, who were migrating here in great numbers from their native country. Not only in church work but in other work he has done a great deal to make the Danish people better citizens of their adopted country. We trust that the members will give liberally to this gift so that Rev. Dan may know that his work amongst us has been appreciated. Church Com.

MUST PAY HIGH FOR PASSPORTS

European Countries Tax Americans Equivalent of \$10, the Rate Here.

LESS FOR OTHER TOURISTS

President Mitchell of the Red Star Line Suggests Action by the United States Chamber of Commerce—Peasants Go Back to Land.

New York.—According to Percy V. G. Mitchell, president of the Red Star Line and general manager of the International Mercantile Marine company in Belgium, the charge of \$10 for an American visa on passports is not only a tax upon immigrants who have to pay the high rate of exchange, but also upon American business men abroad.

"Since the charge for a visa has been raised from \$2 to \$10," said Mr. Mitchell, "the countries in Europe have retaliated by making Americans pay the same amount. They have arranged to base their charges for a visa on a sliding scale. For example, I have to pay 1.5 francs for my visa at the Belgian consulate because I am an American, while an Englishman has only to pay 10 francs, which is a big difference when a man is accompanied by members of his family.

All Are Doing It.

"Since the war Europe has been split up into a number of small countries, and each of them is charging Americans the equivalent of \$10 in United States currency. A business man has to pass from one country to another to get anywhere, and in each case he has to pay heavily because the State department in Washington, without any reason that I have been able to learn, has raised the fee to \$10. The United States has to pay \$10 for his passport in the first place, and then to pay another \$10 to return from abroad, and the same amount for the countries he visits on the continent. Why the United States Chamber of Commerce has not taken up this question, which is so important to American business men traveling through Europe, I am at a loss to understand.

Tourist Travel Hit.

"In addition it will also interfere with tourist travel in the summer, which had already decreased considerably through the increase in passenger fares made necessary by the high cost of operation of the steamships. Increased wages, food, fuel, etc."

Mr. Mitchell said the Belgian government was putting the peasants back on the land in Flanders, and in place of the small cottages with earthen floors which were demolished by the German guns they were erecting neat, small houses with tiled floors and modern sanitary conveniences. From what he had heard recently in Brussels before sailing for New York, the government would not rebuild Nieuport, the former fashionable seashore resort, as it had been blasted to pieces by shells and bombs, the avenues approaching it being ruined.

Dixmude, where the severe fighting took place at the bridgehead on the Yser, was to a great extent demolished also, but the people had started to return there in the summer of 1919 and build on the ruins of their former homes. The Belgian peasant loves his country and does not want to go abroad to live, Mr. Mitchell added.

BEAUTY BATHS

ONE bright man divided baths into two kinds—baths of necessity and baths of pleasure. The Saturday night ceremonials when clean clothes are donned for church and clean sheets put on the beds while the soiled ones are soaked for Monday's washing—these, I suppose, are the baths of necessity. But the daily bath—what a pleasure it can be. Given a tub with plenty of running water, a shower, a cake of bath soap, and a soft brush, with a brisk rub on the rough towel and a dusting off of the entire body with scented bath powder—wouldn't such a bath be a pleasure?

To be sure, this special pleasure is mostly reserved for those who have a bathroom and running water installed. No house should be built nowadays without such sanitary arrangements.

Miss Beulah Ewing and Miss Augusta Kraus spent the week end and over Sunday in Detroit. They first stopped at relatives of Miss Ewing and hardly had they arrived at the home when the patrol wagon arrived also. Miss Ewing, it is said, was ready to die with fright but managed to keep up her nerve. Miss Kraus also was a little unsteady. The girls thought they were in for a ride to the station. We cannot understand what should cause them to have such guilty consciences that they would have any fear for a hurry-up wagon. Well it finally developed that the patrolman lived in the same house and was only coming home to lunch.

The last of the season's large parties will be the Junior Prom, that is to be given tomorrow evening at the School gymnasium. The class have been scheming and planning the past while getting ready for the most brilliant affair of the school season. They have hired Brocato's Novelty orchestra of Kalamazoo to play, and the program that has been received is a very pleasing one. ANTONIO MORENO

Antonio Moreno was a small boy when his father died. Eager to assist his mother by sharing part of the family burden he obtained a position as baker's clerk. For this service he received the princely sum of two dollars a week. Although he liked his position, this Spanish lad had dreams of making a fortune. He had seen wealthy American tourists in his native town and they awakened ambition in his breast. He resolved to save his money and go to the land of promise.

The Americans who visited Campamento were all supposed to be millionaires. Into the mind of Antonio Moreno came dreams, dreams of wealth that lay across the great ocean. He became determined to go to the United States and make a fortune.

When Antonio Moreno, at the age of fifteen, walked up the gangplank from the Gibraltar docks to an American steamship, he was in reality crossing the bridge from nonentity to fame. Aboard the boat was one of America's most distinguished actresses, Miss Helen Ware. Her attention was attracted to the handsome lad with the fiery eyes, and she became interested in him. "What do you intend to do when you reach America?" inquired Miss Ware.

"Make a fortune," promptly replied young Antonio. Miss Ware smiled at his confidence and replied, "I think you will find both fame and fortune in the theater if you choose to become an actor." The prophecy is now being realized. Antonio Moreno as the star of such Vitaphone serials as "The Iron Test" and "Perils of Thunder Mountain," is earning international fame and a considerable fortune. While in New York recently he signed a two year contract with the Vitaphone Company and recently finished a serial production dealing with secret service, entitled "The Invisible Hand."

REPUBLICANS WIN; BONUS APPROVED

DEMOCRATIC OPPOSITION WEAK AND G. O. P. CANDIDATES RECEIVE 3 TO 1 VOTE.

BONUS SUPPORT IS GENERAL

Only 50 Per Cent of Voters Turn Out; Local Issues in Many Cities Hold Interest.

THOSE ELECTED

Justices of supreme court—Joseph B. Moore and Joseph H. Steere.
Regents of the university—Victor M. Gore and Walter H. Sawyer.
Superintendent of public instruction—Thomas E. Johnson.
Member state board of education—Frederick A. Jeffers.
Members state board of agriculture—John A. Doelle and Melville B. McPherson.
State highway commissioner—Frank F. Rogers.

Lansing—With first returns indicating a substantial majority in favor of a state bonus for ex-soldiers, this issue stepped into the center of interest among Michigan electors in the voting Monday. The election of the whole Republican state ticket was conceded long before the polls opened, in fact, opposing candidates made practically no campaign.

Support for the bonus was uniformly scattered throughout the state and up to midnight only one county had reported an unfavorable count. Rural districts, as well as urban centers, rolled up large majorities for the bonus, notwithstanding the fact that the short eleven-hour campaign of the American Legion was centered almost wholly in the larger cities.

The constitutional amendment proposed will authorize the issuance by the state of bonds in the sum of \$30,000,000 to reward ex-soldiers and nurses at the rate of \$15 per month for each month of actual war service. Democratic opposition to the Republican state ticket was weak. Early returns gave the Republican candidates a lead of almost 5 to 1, though this was cut down when the later returns from the cities were reported. There could be no question, however, that the state's Republican majority was just as marked as in the November election, with the probability that in the lighter voting, the total majority would be at least 150,000. Farmer-Labor and Socialist support was notably lacking in the early returns, several counties not reporting a single Socialist vote in the incomplete returns.

Michigan voters manifested their usual apathy toward a spring election at the polls Monday. The vote was light throughout the state, except in cities where hot local contests overshadowed the statewide contests. This was notably true in Battle Creek, Bay City and Jackson. Even the mid-summer weather which was general throughout the state was unable to coax the voters—men and women—to the polls.

Whereas the state last November cast more than 1,000,000 votes, it was regarded as unlikely the vote in Monday's election would exceed 450,000.

THREE OUT FOR INSURANCE JOB

Successor to Commissioner Ellsworth to Be Named Before April 30.

Lansing—Governor Groesbeck, it is believed, will shortly make a choice for the state insurance commissioner, which will be vacated by Frank Ellsworth April 30, when the latter goes with a newly organized Detroit surety bonding company.

There will be no dearth of candidates. So far, three names are being mentioned prominently, Deputy Insurance Commissioner Hands, of Lansing, Lieutenant Governor Tom Read, who, however, could scarcely take office before the legislature adjourned, which it may do by April 30, and Colonel Will Waite, of Detroit.

MAN HURT BY FUSE EXPLOSION

Bonds Over Fire With Dynamite Fuse in Hand, Lives.

Ludington—Bending over a fire of shavings, which he was lighting to touch off a fuse after placing a charge of dynamite in a pine stump, H. H. Jagger, 38-year-old father of Probate Judge Clark B. Jagger, lives to tell the tale of his narrow escape from annihilation. With severe cuts and bruises about his face and head he is convalescing in Paulina Stearns hospital. Temporarily blinded by the blast, Jagger attempted to crawl from the field. Relatives found him several hours after the accident.

Bryan Protege Alcohol Victim
Chicago.—Will Reed Dunroy, 46, poet, and widely known as a press agent, died here of wood alcohol poisoning. In his younger days he was a protegee of William Jennings Bryan, who paid his way through the University of Nebraska.

A FARMER CURED OF RHEUMATISM.

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Rayder, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string handed me a dollar saying, give me another bottle of Chamberlain's Liniment. I want it in the house all the time for it cured me."

THE ROAD TO HAPPINESS.

You must keep well to be happy. When constipated take one or two of Chamberlain's Tablets immediately after supper. They cause a gentle movement of the bowels.

My commission expires Mar. 5, 1923.

COMING.

E. C. Silverthorn, eyesight specialist and registered optometrist will be in Grayling at the Shoppington Inn, two days—April 14th and 15th. If you eyes bother you in any way or you haven't that clear cut comfortable vision, you had when you were younger, now is the time to have them looked after. Fitting of proper glasses to children, especially. Remember the days—Thurs. day and Friday, April 14 and 15th.

Printing Brings Clients

Not every business has a show window. If you want to win more clients, use more printing and use the kind of printing that faithfully represents your business policy.

You save money and make money for your patrons. Do the same for yourself by using an economical high grade paper—Hammermill Bond—and good printing, both of which we can give you.

If you want printing service and economy—give us a trial.

GLYCERINE MIXTURE SURPRISES GRAYLING.

The quick action of simple glycerine, buckthorn bark, etc., as mixed in Adler-ika, is surprising. One spoonful removes any case of constipation. Dr. Four stomach. Adler-ika acts on the bowels, cleanses the bowels and removes all foul accumulated matter which poisoned stomach. Often cures constipation. Prevents appendicitis. One lady reports she has no more pain in back of head or gas on stomach since using Adler-ika.

PREVENTATIVE MEDICINE.

The tendency of medical science is toward preventative measures. It is easier and better to prevent than to cure. Pneumonia, one of the most dangerous diseases that medicine men have to contend with, often follows a cold or attack of the grip. The cold prepares the system for the reception and development of the pneumonia germ. The longer the cold hangs on the greater the danger. Take Chamberlain's Cough Remedy as soon as the first indication of a cold appears so as to get rid of it with the least possible delay. It is folly to risk an attack of pneumonia when this remedy may be obtained for a trifle.
